“ *Sorry to hear of her passing. I had no idea that she was ill. She and I chatted a few years ago during the tournament. It was great to discuss old times.*

“ Hello. I am grateful to have known Portia. Portia braided my hair for over 20 years but I mainly looked forward to just seeing her and chatting and laughing. Portia gave me such wonderful advice over the years. I will miss her but am so grateful for her influence in my life. I am currently overseas and regret that I could not attend the memorial; however, memories of Portia have been on my mind. My condolences to you.

“ It is with great sadness when I think of never seeing Portia again and catching up on each other's lives whenever I would come over for a hair braiding session. Portia loved life and she did the things she wanted to do whenever she wanted to do them. I envied her for that and will miss her and our conversations. Rest in Peace Portia...I'll never forget you.
